

PRE CONGRESS HANDS ON WORKSHOP: PELVIC FLOOR ASSESSMENT

COLOPROCTOLOGY 2022 TEAMWORK

PRE-CONGRESS HANDS-ON WORKSHOP

Pelvic Floor Assessment

Hospital Canselor Tuanku Muhriz (HCTM) UKM is pleased to host this Pre-Congress Workshop for Coloproctology 2022.

GOAL

- To gain knowledge of anorectal manometry testing, endoanal ultrasound and biofeedback therapy, through understanding the theoretical workings of the test and its practical applications.

WORKSHOP HIGHLIGHTS

- Basic principles of and indications for High-Resolution Anorectal Manometry test (HRAM) and Endo-Anal Ultrasound.
- Demonstrations of HRAM test procedures.
- Test protocols and analysis of results.
- Case discussions, e.g. patient cases with anorectal disorder

SPEAKERS

Dr Lee Yeong Yeh is Professor of Medicine, and Consultant Gastroenterologist & Hepatologist in UNiversiti Sains Malaysia, Kubang Kerian, Kelantan. After his gastroenterology fellowship, he completed his PhD in Glasgow, United Kingdom and later postdoctoral fellowship in the United States. He is currently the Editor of BMC Gastroenterology, Journal of the Royal College of Physicians of Edinburgh and the Malaysian Journal of Medical Sciences. He has published extensively in high-impact journals.

Dr Charles Tsang is an Adjunct Associate Professor in National University of Singapore. He graduated from Yong Loo Lin School of Medicine in 1987 and currently is a member of Disciplinary Committee for the Singapore Medical Council. He is actively involved in both academic and patient management of pelvic related diseases. He is also an active member of American Society of Colon and Rectal Surgeons. In Malaysia he was one of the reviewers for Malaysia's CPG in Management of Colorectal Carcinoma. Recently, he had published a book chapter on Pelvic Floor Disorders.

Dr Nur Afdzillah is a General and Colorectal Surgeon who is currently heading the Colorectal Unit in UKMMC. She did her undergraduate degree as well as her basic surgical training in the United Kingdom. She completed her Masters in General Surgery in 2013 and further to that chose to subspecialize Colorectal Surgery in particular on pelvic floor diseases and disorders.
